PROFESSIONAL SUMMARY

Data analyst and computer engineer with 14 years of experience in systems engineering and operations management. Holds an M.Sc. in Data Analysis and a B.Sc. in Computer Engineering. Applies Python, SQL, Excel, and Power BI to KPI reporting, customer segmentation, churn analysis, and machine learning projects. Led a hotel ERP implementation across nine departments.

CORE SKILLS

Data Analytics & BI: Power BI, DAX, Excel, SQL, data cleaning, exploratory analysis, visualization, KPI reporting, statistical analysis, customer segmentation, churn analysis

Machine Learning: supervised and unsupervised learning, regression, classification, K-Means, PCA, Random Forest, AdaBoost, feature engineering, model evaluation

Tools: Python, R, Pandas, NumPy, scikit-learn, Plotly, Streamlit, Microsoft SQL Server, Git, GitHub

PROFESSIONAL EXPERIENCE

Information Systems Department Manager | 2025-Present
Air Defence House (Egyptian Armed Forces) | Egypt
- Lead information systems and technical support for daily hotel operations.
- Managed hotel ERP implementation across nine departments, covering requirements, vendor coordination, and user training; improve operational data and reporting workflows.

Marketing Department Manager | 2024-2025
Air Defence House (Egyptian Armed Forces) | Egypt
- Managed marketing operations; analyzed campaign, customer, and sales data to evaluate performance and guide decisions, including segmentation and churn analysis.

Subscriptions Department Manager | 2023-2024
Air Defence House (Egyptian Armed Forces) | Egypt
- Managed member records, transactions, and subscription workflows; used activity data to improve reporting and streamline processes.

Cost Control Department Manager, Food & Beverage | 2021-2023
Air Defence House (Egyptian Armed Forces) | Egypt
- Monitored food and beverage cost and consumption; coordinated procedures and service standards across departments.

Command Center Systems Engineer | 2012-2021
Egyptian Armed Forces | Egypt
- Supported command center systems through technical troubleshooting and compliance with operational requirements.

EDUCATION

M.Sc. in Data Analysis, Cairo University, Egypt | 2024-2026 **(Completed)**

B.Sc. in Electrical Engineering (Computer Engineering), Military Technical College, Egypt | 2006-2011

CERTIFICATIONS & TRAINING

Machine Learning Track, Digital Egypt Pioneers Initiative (DEPI), 2026; Protocol and Ceremonies, 2024; Administrative Leadership Qualification, 2023; Total Quality Management, 2023.
